INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statement of financial condition of Rockport Venture Securities, LLC as of December 31, 2003, and the related statements of operations, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of the LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rockport Venture Securities, LLC as of December 31, 2003, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of computation of net capital under Rule 15c3-1 of the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. Significant Accounting Policies:

Reporting Entity: Rockport Venture Securities, LLC (the LLC), which is a wholly owned subsidiary of Rockport Venture Partners, LLC (the Parent), was formed on May 18, 2001, as a Delaware limited liability company. The LLC was registered under the Securities Exchange Act of 1934 as a broker/dealer on November 6, 2001. The LLC provides private placement services for companies located throughout the United States and Europe.

Revenue Recognition: The LLC recognizes private placement fees at the time the placement is completed and the income is reasonably determinable. Private placement fees received prior to completion of the placement services are recorded as deferred revenue.

Income Taxes: No provision for federal or state income taxes is presented in these financial statements as Rockport Venture Securities, LLC is a limited liability company under the provisions of the Internal Revenue Code, which is taxed as a partnership and, accordingly, its taxable income is allocated to its member for federal and state income tax reporting purposes.

Uses of Estimates: Management has used estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities in its preparation of the financial statements in accordance with accounting principles generally accepted in the United States. Actual results experienced by the LLC may differ from those estimates.

2. Net Capital:

The LLC is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of not less than the greater of 6 2/3% of aggregate indebtedness or \$5,000. **Independent Auditors' Report on Internal Control Structure Required by
SEC Rule 17a - 5**

In planning and performing our audit of the financial statements and supplemental schedule of Rockport Venture Securities, LLC as of December 31, 2003, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the LLC including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the LLC does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the LLC in any of the following:

1. Making quarterly securities examinations, counts, verification, and comparisons,
2. Recordation of differences required by Rule 17a-13 and
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the LLC is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the LLC has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

To the Member and Managers
Rockport Venture Securities, LLC

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the LLC's practices and procedures were adequate at December 31, 2003, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
